# Scope of the Journal

ISSN: 1751-6757 (Print), ISSN: 1751-6765 (Online)

*EJIM is a leading journal with European and global perspectives, devoted to advancing international management research, practice and policy. Papers deal with regional, international or comparative issues affecting management scholars and practitioners. EJIM attempts to understand why and how firms manage the movement of people, information, money and products in the context of differing political, economic, social, ecological, competitive and technological environments. It seeks conceptual, theoretical, methodological, empirical, qualitative and review papers advancing the field of international business and management.*

## Topics covered include:

- International management in Europe
- International entrepreneurship and innovation
- International human resource and talent management
- International organisational communications and information systems
- International strategy and business policy
- International marketing management
- Methodological aspects in international and comparative research
- Cross-cultural management
- Global leadership
- Comparative management systems
- Global spirituality and religion in management
- International value and supply chain management
- International management reviews and meta-analysis
- Replication studies in international management
