

Approach to Training & Country Reconnaissance Mission

Accession Training Course/WTI, 2002-2004

Dr. Raymond Saner

Dr. Lichia Yiu

Centre for Socio-Eco-Nomic Development

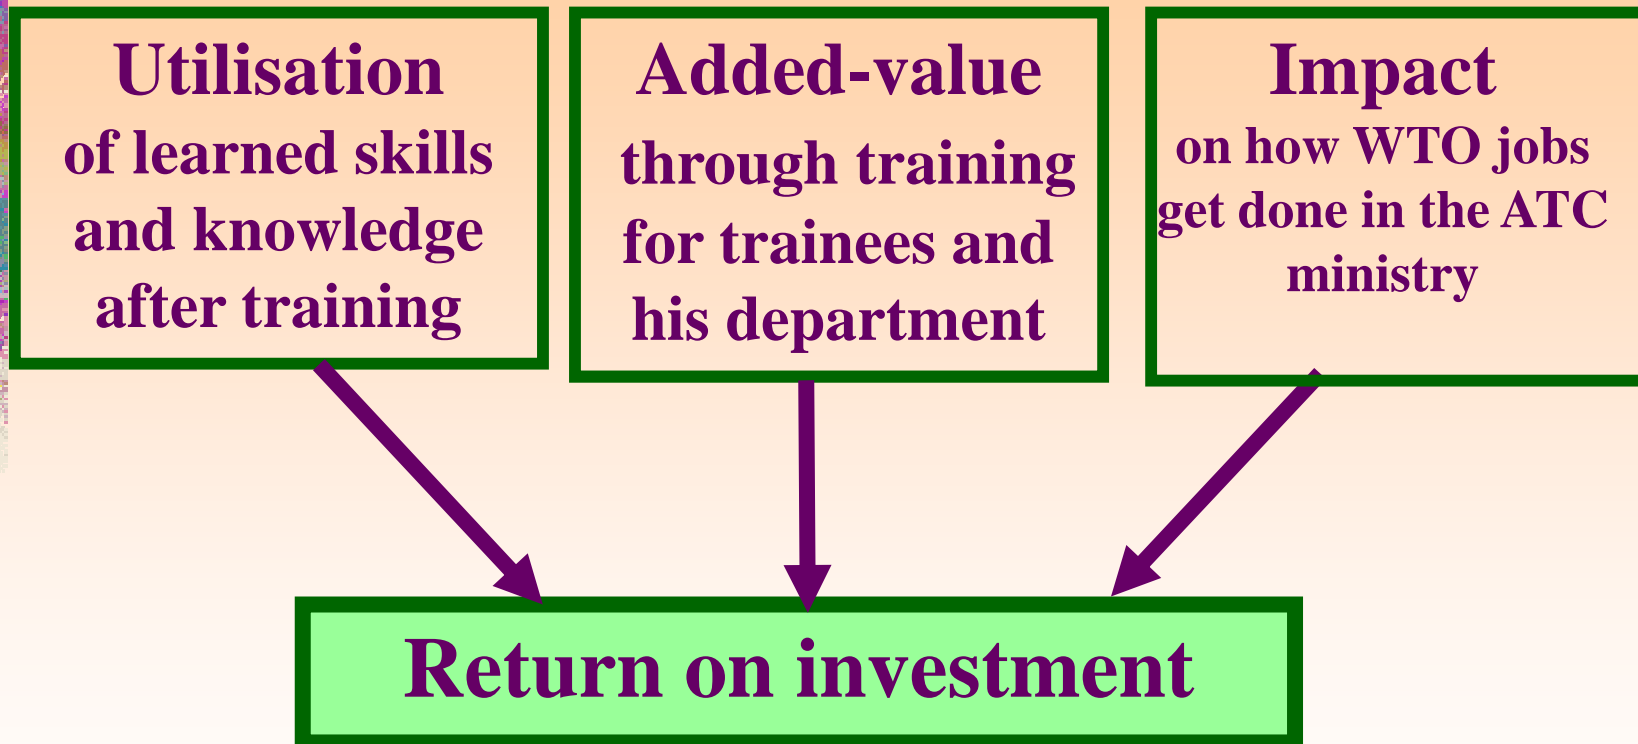

ATC Technical Cooperation Project

Different training objectives -

- **Awareness Raising**
- **Skill Development** 
- **Institutional capacity building** 

From Management Point of View

Mission for the Country Visit

Mission for the Country Visit is therefore --

~~NOT administrative,~~

but

Strategic!!!

How can this be done?

- **Communicate this vision of training**
- **Secure institutional commitment through involvement of ATC officials & consensus building between government and private sector representatives**

Key Tasks of the Swiss Expert on Location

- **Presenting the ATC-seco programme and its mission**
- **Conducting WTO-accession impact survey**
- **Carrying out a half-day seminar on WTO Accession**
- **Identification of 3 country cases**

Key Tasks of the Swiss Expert on Location ⁽²⁾

- **Joint selection with senior officials of 1 case from a pool of 3 cases**
- **Selection of five ATC/WTI trainees**
- **Preparation of case development and simulation and in country use subsequent to WTI course**
- **Obtaining the support of relevant Minister in ATC country**

Expected Outputs

- **A summary of results of the WTO Impact survey**
- **1 priority topic for case study and simulation**
- **1 information dissemination seminar on WTO conducted in country**
- **5 ATC-WTI trainees selected**
- **A work plan developed for case study and simulation**
- **Letter of agreement with the counterpart obtained to conduct workshop in country based on the case study & simulation by the trainees after completion of the WTI course**
